

Bridgehampton Tennis & Surf Club

It is with great pleasure that I write this letter of recommendation for Stephanie Shapiro.

Stephanie was a lead counselor at the Bridgehampton Tennis and Surf Club Summer Camp. Stephanie willingly took on this demanding role with enthusiasm. I have had the privilege of directly supervising Stephanie and have always been impressed with her knowledge of children and her dedication to the campers and their parents.

I have had the pleasure of working with Stephanie for 3 summers. Stephanie possesses strong leadership qualities and has a wonderful work ethic. Stephanie is a caring and knowledgeable young woman. Some of the qualities that have impressed me most are her organization, professionalism, communication skills, and compassion. Stephanie receives accolades from the parents of campers for the manner in which she conducts herself. Parents regularly comment on how well Stephanie knows their children and comfortable they feel leaving their children in her care.

Having directly supervised Stephanie, I was very impressed with the quality of her work. Stephanie is an intelligent, mature, dedicated, diligent and responsible young woman. She displayed all these qualities needed to work with and care for these youngsters. Stephanie always arrived early to work with a smile on her face. She is an extremely hard worker. Stephanie has distinguished herself from her peers with her extra effort and hard work. She was always eager to help out and volunteered for extra events when needed. She is a person that I have come to depend on.

It is with the highest regard that I recommend Stephanie Shapiro. If I can be of any further assistance, please feel free contact me at frankimc@optonline.net or call me at (631) 255-5517.

Sincerely,

Kimberly Castellano
Camp Director
